SUMMARY

Passionate AI engineer with

WORK EXPERIENCE

AI Engineer at AI Singapore

November 2025 to present

Involved in development of infrastructure for AI coding competitions

- Workflow for testing of python notebooks. Notebooks were edited so that they could be tested automatically using software tests and large language models
- JupyterLab infrastructure for use in competition settings on GPU intensive tasks

Research Assistant at AI Singapore

March 2025 to November 2025

Involved in exploratory research relating to the Education Grand Challenge (EduGC)

- Scene detection using local multimodal models
- Implementation of an agentic framework for the Visual Dialogue Engine and subsequent integration into the EduGC platform

Research Assistant at SUTD Social AI Studio

August 2023 to February 2025

Led the team for the creation of a hate speech benchmark dataset for Singapore ([WOAH 2024](#)) and Southeast Asia. Each project included

- Translations of templates from English using machine-aided human translations
- Human annotation to ensure reliability of data
- Tests of dataset on state of the art closed and open sourced Large Language Models

Research Assistant at SUTD Aviation Studies Institute

September 2022 to March 2023

Conducted machine learning analysis on aircraft arrival delays, separation, aircraft types, and other characteristics to determine their impact on fuel burn rate for arriving aircraft in Singapore. Identified significant factors contributing to fuel burn rate, leading to further research by the group.

EDUCATION

2019 - 2023 **Singapore University of Technology and Design (SUTD)** *Honours with Distinction, GPA: 4.43/5.00*
Bachelor of Engineering (Engineering Systems Design) with Honours
Singapore Management University (SMU) *Magma Cum Laude, GPA: 3.60/4.00*
Bachelor of Business Management
SUTD-SMU Dual Degree Programme Scholarship Tier 1

PUBLICATION

[SGHateCheck: Functional Tests for Detecting Hate Speech in Low-Resource Languages of Singapore](#)

Workshop on Online Abuse and Harms (WOAH), Mexico City, Mexico, 06/2024.
